2017 – 2018 Iowa BIG Counselor / Student Template for Kennedy High School

The 2017 – 2018 school year brings some exciting changes to the Iowa BIG option. First, we will now have two separate “family tables” – one at the current location in NewBo and the second in the Marion area. Second, we now offer even more courses to maximize your time at BIG. Finally, students can opt for more than 3 periods a day at Iowa BIG, choosing 60%, 80% and even 100% options at BIG.

Your location may depend on the courses you wish to take. The NewBo location will emphasize entrepreneurialism and social good and the Marion table will emphasize engineering, technology, and design (although neither will be exclusively these things).

Use the template below to begin to map out how and when you might spend your time at Iowa BIG next year.
