

Computer User Agreement

In conjunction with Board policies and procedures for student rights, responsibilities, and conduct, the following standards of behavior will be expected from all computer network users:

Students will access the system for educational purposes only.

Students will restrict their access to material deemed appropriate by staff and parents.

Students will use appropriate language and be respectful of others.

Students will observe and respect license and copyright agreements.

Students will keep passwords and personal information confidential. (Student names, telephone numbers, and addresses should not be revealed over the system.)

Students will abide by building policies regarding profile and file storage size limitations.

Students will not download executable files (.exe).

Misuse of the computer equipment or network will result in suspension of privileges.

Consequences for misuse are the following:

1st offense - one week suspension of network privileges

2nd offense - twelve week suspension of network privileges

3rd offense - suspension of privileges for the remainder of the school year
